SUBJECT: Transfer of [] from 25X1A2E
EE Division to DDI for administrative

1. As requested in the referenced memorandum this office will

2. Confirming a conversation between Mr. [] of your
division and Mr. [] of [], it is our
understanding that no formal agreement or contract with [] need
be negotiated when his present contract with EE Division terminates
on 21 December 1953. We will keep in touch with [] and arrange
to supplement his earnings when necessary, but would prefer not to
promise him any regular subsidy. When and if financial assistance is
necessary we should like to deposit funds to his account in the
Arlington Trust Company, Courthouse Road, North Arlington, Virginia,
drawing on resettlement funds already at our disposal. 25X1A8A

3. Paragraph 3 of your memorandum requests that all negotiations
with this individual and his resettlement be conducted in such a
fashion that his connection with this agency will not become known.
We shall, of course, give our assistance in as discreet a manner as
possible, revealing our interest only to security-cleared contacts.
However, since our field employees are already known as overt repre-
sentatives of CIA it will be impossible for us to render any assistance
without having some of our contacts aware of CIA interest. Also, while
we shall do our best to coordinate all major problems involving []
we believe that if we are to be primarily responsible for this case we
must be able to make decisions without coordination in routine matters
or emergencies. 25X1A2E

4. This case has been discussed informally with the Acting Deputy
Director, Administration. We understand that the above approach to the
[] case is satisfactory to both the ADD/A and Mr. [] 25X1A2E
